

Instanta SureFlow Touch Counter Top

Self-service boiling water

Features and benefits

- Choice of water dispense: either standard push and hold (on demand) or, if preferred, programmable timed dispense.
- Top-up feature allows the user to top-up the drink following a measured dispense - perfect if filling taller cups.
- Quick and easy programmable measured water delivery function for the perfect cup every time.
- A prominent safety message flashes whenever hot water is dispensed to ensure user safety.
- Electrical mains cord and water inlet coupling are underneath the boiler to provide a choice of service connections from under counter or counter top.
- Stainless steel drip tray is included.
- Dual safety protection against overfilling and boil dry to ensure user safety.
- Long-life Incoloy® elements to guarantee longevity.
- Easy access for service and cleaning guarantees convenience.

Temperature settings

- Factory set to operate at 96°C.
- Adjustable boiling temperature set-point.

Capacities

10 litre.

Power rating

3kW @ 230V.

Construction

- Brushed stainless steel case.
- Stainless steel heating chamber.
- Low voltage switching.
- Two safety cut-outs.
- Well insulated for minimal heat loss and energy use.

Warranty

Two year warranty.

Installation

Easy to install on a stable worktop.

Plumbing

Designed for a direct connection to a potable cold water supply using the 1.5 metre (3/4" BSP) hose supplied. An isolating valve should be installed between the supply and the heater. Supply connection and overflow are situated underneath the boiler.

Electrical

Fitted with 1.75 metres of cable and a 13 amp moulded plug.
