

Instanta SureFlow Plus Touch Counter Top

Self-service boiling water

Features and benefits

- Electronically controlled for a constant temperature to guarantee energy efficiency.
- Programmable down to 80°C if required.
- Simple push and hold button for easy dispensing.
- Energy saving ECO mode supports sustainability and cost reduction.
- Lock-off setting using electronic key-fob.
- Early warning LCD diagnostics to make sure your boiler is always performing to the highest standard.
- Five water level sensors, helping to identify limescale build-up with a longer warning time.
- Stainless steel drip tray is included.
- Dual safety protection against overfilling and boil dry to ensure user safety.
- Long-life Incoloy® elements to guarantee longevity.

Capacities

15 litre.

Power rating

3kW @ 230V.

Temperature settings

- Factory set to operate at 96°C.
- Adjustable boiling temperature set-point.

Construction

- Brushed stainless steel case.
- Stainless steel heating chamber.
- Low voltage switching.
- Two safety cut-outs.
- Well insulated for minimal heat loss and energy use.

Warranty

Two year warranty.

Installation

Easy to install on a stable worktop.

Plumbing

Designed for a direct connection to a potable cold water supply using the 1.5 metre (3/4" BSP) hose supplied. An isolating valve should be installed between the supply and the heater. Rear supply connection and choice of rear or front overflow.

Electrical

Fitted with 1.75 metres of cable and a 13 amp moulded plug.

Locking system

The locking system is activated by touching an electronic key fob against a sensor (located below the display panel). The boiling water dispense function can be set up in four different ways:

None/open – no lock. Simply push and hold the button to dispense boiling water.

Toggle – key fob turns the dispense function on and off sequentially, as required.

Timed – boiling water dispense is available for a pre-set time (adjustable in minutes), determining how long it can be used before locking off.

One-shot – a single drink can be dispensed before the boiling water function locks off.
