## Touch Free On-Wall Boiler

### 100% contactless access to boiling water

#### Features and benefits

- 100% touch-free access to filtered boiling water thanks to clever infrared sensors that detect hand movements within 2.5cm. This reduces touch points, ensuring a safe and hygienic environment.
- Safety beam feature that can tell when a cup has been placed within the cup recess.
- Choice of water dispense allows the user to either dispense on demand with touch-free access or if preferred, programmable metered/timed dispense.
- Displays a prominent safety message which flashes whenever hot water is dispensed, ensuring user safety.
- Adjustable water temperature for the perfect cup every time.
- Simple on-wall installation.
- Basic fault self-diagnosis to make sure your boiler is always performing to the highest standard.

#### Capacities

6 litre.

#### Power rating

3kW.

#### Temperature settings

- Factory set to operate at 96°C.
- Adjustable boiling temperature set-point.

#### Warranty

Two year warranty.

#### Installation

- Wall-mounted boiler.
- Includes easy-fit, spill-tray & bracket kit.
- Locate in an area where there is adequate space to use the boiler safely.

#### Construction

- 304 grade stainless steel case.
- 304 and 316 grade stainless steel tank.
- Low voltage switching.
- Two safety cut-outs.
- Well insulated for minimal heat loss and energy use.
- Long-life Incoloy® elements.

#### Plumbing

- Designed for a direct connection to a potable cold water supply using the 1.5 metre (3/4" BSP) hose supplied.
- An isolating valve should be installed between the supply and the heater.
- These wall mounted boilers have a choice of connection through rear or from beneath and require two bar incoming water pressure.

#### Electrical

To be connected to a 230V, 13 amp supply.

Product code	Capacity (litres)	Power rating kW @ 230V	Rapid draw off (litres)	Boiling cups per hr @ 167ml	W x D x H (mm)
WMS6TF	6	3	6	163	340 x 260 x 478
