Slide-top coolers &
Glass frosters

Professional refrigeration equipment for the hospitality trade

Bar design begins with Gamko

Gamko

Slide-Top & Glass Froster

'Gamko' dependable for over 50 years!

For over 50 years, we have supplied the leisure industry with high quality solutions for beverage refrigeration requirements. Leading the way in both innovation and development Gamko now has arguably the widest range of back bar and front bar refrigerated and none refrigerated appliances in the industry. All of our appliances meet the requirements of class N, which means that our refrigerated coolers will function efficiently at the optimum in temperatures up to 32°C.

Sliding Top Bottle Coolers

- Forced air refrigeration maintains even air temperature throughout the cooler
- Internal drain point for easy cleaning – drainage of cooler made easy
- Choice of anthracite or stainless steel exterior body to suit location
- Bottle opener and cap catcher as standard on all models
- Locks as standard for security – giving you peace of mind
- Castors in lieu of self levelling feet as an option
